WAR NOT AT AN END

The Powers Snubbed by the Sublime Porte.

WILL TREAT WITH GREECE ALONE

An Indemnity of Three Million Pounds and the Right to Occupy Thessaly Will Be Demanded Turkey Does Not Intend to Cease Hostilities — Autonomy May Fall in Crete.

CONSTANTINOPLE, May 13.—The ambassadors of the powers held a prolonged conference at the close of which they presented to the Turkish government a collective memorandum proposing an armistice between Turkey and Greece on the basis of the negotiations for peace now in progress through the powers.

The memorandum, which was presented to Ahmed Tewfik Pasha, the Turkish minister of foreign affairs, by the dean of the diplomatic corps, Baron de Calice, the Austro-Hungarian ambassador, enumerates the conditions which have been accepted by Greece, and begs the porto to issue the necessary orders to arrest the progress of the Turkish troops.

It is learned that the sultan resents the mediation of the powers and desires to negotiate with Greece directly. If this is refused the Turkish demands will be more exacting. It is also learned on excellent authority that the Turkish government demands war indemnity of £3,000,000, and the right to occupy Thessaly until it is paid.

UNEASY IN ATHENS.

It Is Believed That Turkey Does Not Intend to Cease Hostilities.

ATHENS, May 13.—The fact that there is no news of renewed fighting must be regarded as good news, but an uneasy feeling exists here.

The Turks are trying to outflank the Greek position at Domokos, and the delay in the porto's reply is also interpreted to mean that Turkey does not intend to cease hostilities.

Telegrams from the front report that both armies are concentrating in anticipation of an engagement.

The city continues quiet, though it is believed that the numerous Italian volunteers and socialists now here will endeavor to foment a revolution leading up to a republic. But the Greeks are devoted to the monarchical idea, and the worst that is likely to happen will be a change of sovereign. The return of Crown Prince Constantine to the capital might produce disturbances, but he is likely to be discreet enough to avoid Athens for a time.

Autonomy May Fall in Crete.

LONDON, May 13.—The Times correspondent at Candia says: "It is feared that autonomy will fail to pacify Crete, owing to the opposition of the 20,000 Cretan Mohammedans on the island, who fear that autonomy will end in union with Greece, while the insurgents are still defiant and actually talk of resisting the departure of the Greek troops."

Greeks Advance.

ARTA, May 13.—The Greeks, under Colonel Bairactaris, have advanced toward Philippia. After sharp outpost skirmishing, the Turks retired on Saloupoli and the Greeks reoccupied the heights of Imaret.

BIG TANNERY BURNED.

Other Buildings Swell the Loss to Nearly Half a Million Dollars.

SAN FRANCISCO, May 13.—Early yesterday morning fire broke out in the tannery of A. B. Patrick & Company, which occupies a strip of land on Sixth avenue south, between Q and R streets, and two hours later there was little left but ruins. The loss to plant and stock is estimated from \$400,000 to \$425,000, with insurance of \$200,000.

The buildings destroyed are 10, all frame structures. The fire had almost full sway after it started, from the fact that the firemen could not get to the rear, the strip of land on which the tannery was situated being bounded on three sides by tidewater. Almost simultaneously five tenement houses on Telegraph Hill were burned. The families occupying them barely escaped with their lives. Loss about \$75,000.

DIED ON THE GALLOWS.

Elmer Clawson Hanged in the Jail at Somerville, New Jersey.

SOMERVILLE, N. J., May 13.—Elmer Clawson was hanged here yesterday in the Somerset county jail.

Elmer Clawson was 19 years old. He shot a former employer, Harry Hodgett, a farmer, on the morning of Aug. 29 last. The murderer, on the morning of the crime, asked Hodgett to re-employ him, and on the farmer's refusal to do so a quarrel began, during which Clawson drew a revolver and fired three shots at his victim, two taking effect. Then mounting a wheel, the murderer rode away. Clawson has since his conviction professed contrition for his crime, and recently at his request was baptized into the Methodist Episcopal church.

The estimates of the yield of the potato crop in Great Britain show that on 633,000 acres a crop of 3,058,005 tons was secured, against an almost exactly similar quantity produced on a much larger acreage—753,000 acres—in Ireland.

FORSYTHE A MAJOR GENERAL. The President Makes a Very Important Army Promotion.

WASHINGTON, May 13.—The president has sent to the senate for confirmation the name of Brigadier General James W. Forsythe to be made a major general. This is to fill the vacancy caused by General Wheaton's retirement last week. General Forsythe it is expected will retire within a few days after confirmation, leaving the way open for the promotion to the major generality of some of the other brigadier generals, which movement probably will end with General Brooke permanently in the place of major general.

They Are All to Be Sent to Cuba Between Now and Fall—Julio Sanguily Has Landed in Cuba With a Large Expedition.

Captain Hart Again in Trouble—Havana Dispatches.

KANSAS CITY, May 13.—Colonel D. S. Harriman, who has been recognized here as a western representative of the Cuban junta in this country, is authority for the statement that 1,450 men have been recruited for the Cuban army in Kansas City and vicinity and are now waiting to be transported to Cuban soil.

Many of these recruits have already made their way to the gulf coast, he says, and arrangements have been made to send them all to Cuba between now and fall, when the yellow fever season in Cuba will have been passed. Colonel Harriman also stated that an American volunteer legion of 25,000 men is now being recruited at various points in this country for service with the Cuban patriots.

CAPTAIN HART IN COURT.

One of His Bondsman Wants to Be Released From Responsibility.

PHILADELPHIA, May 13.—Captain John D. Hart, who was convicted and sentenced to two years' imprisonment for having aided in a filibustering expedition to Cuba, but which sentence was suspended pending an appeal to the United States court of appeals, was yesterday brought into the United States circuit court on bail piece sworn out by William Weinert, one of Hart's four bondsmen.

Hart is under \$7,500 bail, and Mr. Weinert informed the court that he had reason to believe that Hart intended sailing on the steamer Ethelred for Port Antonio, Jamaica. Weinert asked the court to be released as bondsman. Judge Dallas, however, refused to grant the request and held the matter over until Friday.

SANGUILY IN CUBA.

He Has Landed on the Island With a Large Expedition.

NEW YORK, May 13.—A dispatch to The Herald from Havana says: Julio Sanguily is said to have landed on May 3, with a large expedition at San Juan de Las Playas. It is also said that Roll off with 1,000 men, was there to receive him.

It is added that commanders of gun-boats patrolling that coast have been placed under arrest for not preventing the landing of Sanguily. San Juan is 10 leagues east of Sagua. The insurgents are numerous and active in that district.

Havana Dispatches.

HAVANA, May 13.—Captain General Weyler has left Sancti Spiritus, province of Santa Clara, and has arrived at Arroyo Blanco.

It is officially stated that Sotoponce, an insurgent leader, has been engaged to guide a column of Spanish troops to Garrelano.

NOT HEARD OF IT.

The Sensational Story From Nicaragua Not Believed in Washington.

WASHINGTON, May 13.—The state department has received no information whatever regarding the reported killing of Mr. Alger, the United States consul at Puerto Cortez, Honduras, during a fight between the government forces and the revolutionists, nor of the alleged insult to the American flag by the Nicaraguan steam tug Lucy B. In the absence of official information, the department is disposed to discredit the reports.

In the first place there is no United States consul at the place named, but only a consular agent named William Alger. He was heard from by the state department directly last week in a cablegram announcing the closing of the port owing to the rebellion.

Yesterday Consul Little, at Tegucigalpa, the capital of the country, reported to the department that the rebellion was ended and as his advices undoubtedly were much later in date than those of the steamer's people the officials feel sure that the consul agent has not been killed or his death would certainly have been reported by Mr. Little.

SUGAR SCHEDULE DOOMED.

The New York Herald's Man Finds a Sure Adverse Majority in Washington.

NEW YORK, May 13.—A special to The Herald from Washington says: The sugar schedule of the tariff bill as framed by the Republican members of the senate finance committee is doomed to defeat. Including 17 senators who are absent and whose views could not be ascertained, the senate stands thus: Against schedule, 47; for schedule or noncommittal, 18; not classified, 17; vacancies, 2; total membership of senate, 50; majority against schedule, 6.

A careful canvass of the senate on the amended sugar schedule shows a clear majority against the schedule as it stands at present, and if not materially amended to lessen the protection to the trust, the adoption of a general anti-trust amendment.

No Sunday Ball Games in Cleveland.

CLEVELAND, May 13.—Director of Police Abbott has issued his ultimatum to the base ball people regarding the play-

ing of Sunday games. He says if an attempt is made to play next Sunday, as threatened, he will send out the police and arrest the players. If necessary the entire force will be detailed, and if that is insufficient, he will call out the militia. "I'll do my sworn duty," says the director. "Personally, I am not opposed to Sunday base ball, but the way to do it is to amend the law."

WOMEN LYNNED.

Two Negresses Strung Up For Poisoning an Entire Family.

HUNTSVILLE, Ala., May 13.—The bodies of two negroes, Nellie Smith and Mandy White, were found dangling from the limb of a live oak just on the outskirts of the village of Jeff yesterday morning. They were hanged during the night for poisoning Joshua Kelly, a well known citizen. They confessed to two attempts on the lives of the Kelly family.

Nine weeks ago the first attempt on the lives of the Kelly family was made. The family sickened shortly after eating supper, and Joshua Kelly died 24 hours afterward. On May 1 the family and tenants of the deceased were poisoned again in some mysterious manner. There were six whites and eight negroes affected. Messrs. D. E. and Lamson Kelly became critically ill, as did Mrs. E. Kelly. Oakley Woodward, clerk in a store, who came near dying from the other poison, and a Tennessee drummer, who spent the night with them, were two other victims.

Incriminating evidence was found Saturday at the Kelly home at Jeff, and a clew in the shape of a box of poison led to the detection of the negroes. The premises were searched and underneath the kitchen floor was found a box of poison. On it was stamped the trade mark of D. E. and J. O. Kelly, the grocers at Jeff. The poison, which was rough on rats, was placed in the biscuits, which all the affected ate. The lynching occurred at an early hour yesterday morning and was participated in by a mob of 20 or 30 persons.

BICYCLES IN THE ARMY.

An Experimental Expedition Ordered by General Miles.

ST. LOUIS, May 13.—Lieutenant James A. Moss of the Twenty-fifth infantry, U. S. A., is at the Planters' hotel. He is en route to Fort Missoula, Mont., under instructions from General Miles to organize a corps of 20 troopers to ride by bicycle from Missoula to St. Louis.

This expedition is the result of the belief which prevails among military men that the bicycle can be made an effective addition to the equipment of an army in the field: that it is practical for long journeys, and that its utility will be fully demonstrated by the trip which Lieutenant Moss and his 20 negro soldiers will begin on June 1 next.

Lieutenant Moss is instructed to make a full and exhaustive daily report of the progress of the undertaking to the war department. The route to be traversed is over the most mountainous and diversified part of the United States, crossing the backbone of the continent at the Rocky mountains and lying across great stretches of rocky and sandy plains.

A New Patent Order.

WASHINGTON, May 13.—Commissioner of Patents Butterworth has modified the six-months order as to patents issued under the last administration. Commissioner Seymour's rule positively prevented the admission of an amendment to an application if presented more than six months after any action in the case. The new order, repealing the former, provides that if an amendment to an application be presented more than six months after any action, of which notice must be given by the applicant, it may not be admitted, except upon a showing duly verified of good and sufficient reason why it was not earlier presented.

Death of a Noted Railroad Man.

MEMPHIS, May 13.—Colonel H. C. Rector, commercial agent of the freight and passenger departments of the Cotton Belt railroad, died at his home in this city yesterday, aged 51. Colonel Rector, prior to his four years' service in Memphis, was general passenger agent for the Missouri, Kansas and Texas railroad at Parsons, Kan.

Costly Canal Break.

TROY, N. Y., May 13.—About 250 feet of the bank of the Champlain canal gave way at midnight and it will be several days before boats can pass through that waterway. The break is between Waterford and Mechanicville. It was caused by quicksand. Considerable farm property in the neighborhood was damaged. The estimated loss to the state is \$40,000.

A TRUE BLUE DEMOCRAT.

A Card From Mr. T. F. Goodwin That Has the Right Ring—Asks His Friends to Stand by the Nominees.

To those who faithfully stood by me in the recent primary I take this opportunity of expressing my gratitude. Owing to the fact that it was my first experience in canvassing the county and did not allot myself time enough to see the people; and while I did not acknowledge the fact, yet after seeing not more than one-third of the people, I realized that my chances were slim; yet I feel just as grateful to those who supported me as though I had received the nomination, and I sincerely hope that I may have the opportunity of proving my appreciation to every one of them. At the same time I wish it distinctly understood that I have no ill will towards those who could not see their way clear to support me.

Now since there were 358 of the best Democrats in the county who did support me with the belief that I would run a good race in November (which I surely would have done had I been nominated), I have one request to make of them and that is that they join me in giving Uncle Ike their united support from now until the polls close in November, using every effort in our power to elect him our next Jailer; and at the same time not neglect any one on the ticket.

Let every Democrat in the county put his shoulder to the wheel and push hard and earnestly and we will receive as a reward a grand victory in November. Respectfully,

T. F. GOODWIN.

MASON COUNTY VS. MAYSVILLE.

Jails Are Public Property and Are Public Prisons—Decision of Court of Appeals in Above Case.

As heretofore mentioned in the BULLETIN, the Court of Appeals affirmed Judge Harbeson's decision in the case of Mason County against the city of Maysville. In passing on the case the upper court says:

First—in an action by the plaintiff to recover of the defendant on a written contract a certain sum of money that the defendant agreed to pay to the plaintiff for keeping certain city prisoners in the county jail, while a city prison was in course of construction, in this case. Held, that a county jail is public property, provided at public expense, and unless they are restricted by law to the confinement of certain classes of prisoners, they become public prisons of the county and State, and the city of Maysville, being an integral part of Mason County, is entitled in common with other portions of the county, to use the common jail for the purpose of confining prisoners convicted of offense against the city, and it is the duty of the courts to hold there is no legal consideration for the execution of a contract on the part of the city to pay more than the amount allowed the Jailer by the statute for feeding the prisoners, and this is especially so where a charter of a city authorizes such use of the county jail.

FREE PIKES.

A Great Many of the Roads Accepted by the Fiscal Court
Wednesday.

Question of Issuing Bonds to Buy the Big Ones Submitted to Popular Vote.
Levy Less Than in '96.

The Fiscal Court reconvened Wednesday, Judge Hutchins presiding and all the Justices present.

The surrender of the stock in the Mayslick and Mill Creek pike was received and filed.

A warrant was ordered drawn on the treasury for amount due on bridges built on the Flat Fork road.

The committee to view the proposed extension of the Taylor's mill pike reported that the distance to the Fleming County line was seven miles in length; that it was a practicable route, following a dirt road most all the way, and that a pike would be a great convenience to the residents along the route, but the committee was not prepared to recommend that it be built this year.

The proposition of the Mill Creek and Mt. Gilead pike was accepted, the pike to be a free road.

The Sardis and Mayslick Turnpike Company surrendered their road to the county unconditionally and same was accepted.

The Absalom turnpike was also surrendered unconditionally and was accepted.

The Jersey Ridge pike previously surrendered and accepted by the court was declared a free pike.

The Wolf's Run pike was ordered placed under the free pike system, instead of being maintained as a county road.

Dr. J. A. Reed was allowed \$100 for extra services in keeping the books and accounts of the Turnpike Commissioners.

An account of Jacob Outten referred to the commissioners, with power to act.

The Big Pond turnpike was accepted and made a free road.

The Turnpike Commissioners were directed to accept for the county the Mayslick and Elizaville pike as a free road, when the receiver of said road is discharged by the Circuit Court.

The Germantown and Lowell pike was accepted and made a free road. The sum of \$590 was ordered paid to the company therefor, and the company to retain the toll house.

The Turnpike Commissioners were authorized to lease the Maysville, Orangeburg and Mt. Carmel turnpike at \$2 per share for 251 shares owned by private stockholders, and at end of the year to purchase said road for \$7,530.

The Shannon and Lowell pike was accepted and made a free pike. The company is to be paid \$600 therefor, and retain the toll house.

The Orangeburg and North Fork pike was offered to the county, the county to assume an indebtedness of \$261 on the road. Accepted, and made a free pike.

'Squires Perrine, Howe and Miller were appointed to confer with the Maysville and Lexington, Maysville and Mt. Sterling and Bracken turnpike companies and ascertain upon what terms said roads can be purchased or leased. 'Squires Williams and Owens were afterwards added to this committee.

The Turnpike Commissioners were empowered, in their discretion, to lease the Sardis pike one year at \$2 per share for 126 shares, and at end of year buy same on best terms.

The county levy was fixed as follows:
Free turnpike fund..... 20 cents on \$100
General fund..... 11 cents on 100
School fund..... 15 cents on 100
M. and B. S. railroad fund..... 3/4 cents on 100
Infirmary fund..... 3 cents on 100
Total..... 52 1/4 cents on 100

The tithe tax (for white and colored) was fixed at \$1.50. The levy is 5 cents less than last year's.

On motion of 'Squire Hook the vote fixing the salary of the Supervisor of Roads at \$500 a year was reconsidered. Mr. Hook then moved to fix it at \$1,000. Lost. The salary was then fixed at \$501.

On motion of 'Squire Williams it was ordered that the question of issuing sufficient bonds to buy all the remaining toll roads be submitted to a vote of the people. The vote on this motion was, Yeas: Howe, Perrine, Owens, Williams, Miller and McIlvain. Nays: Forman and Hook.

The following accounts were allowed:

T. P. Bullock, road account.....	\$ 6 50
J. F. Fritz, road account.....	6 00

Chas. B. Hood, Broker and Manufacturer's agent, Columbus, Ohio, certifies Dr. King's New Discovery has no equal as a cough remedy. J. D. Brown, Prop. St. James Hotel, Ft. Wayne, Ind: testifies that he was cured of a cough of two years standing, cause by la grippe, by Dr. King's New Discovery. B. F. Merrill, Baldwinville, Mass., says that he has used and recommended it and never knew it to fail and would rather have it than any doctor, because it always cures. Mrs. Heming, 222 E. 25th St., Chicago, always keeps it at hand and has no fear of croup, because it instantly relieves. Free trial bottles at J. James Wood's drug store.

KENTUCKY CROPS.

What the Climate and Crop Department of the Weather Bureau Says of the Outlook.

[For Week Ending May 10.]

The week just closed was, upon the whole, very favorable to farming interests, and the general tone of reports received from correspondents indicate that farm work made good progress and that vegetation of all kinds advanced more than during any preceding week of the season. The week opened with cool and showery weather, which was succeeded by several days with clear skies and rapidly rising temperature. Sunday and Monday continued warm, and heavy showers were quite general throughout the State. These showers were exceptionally heavy in localities, and gave to some few places a considerable excess of precipitation, but the average amount for the State was slightly less than the normal. From a considerable number of stations come complaints of insufficient rain for the needs of crops, but as yet no serious detrimental effects from this cause have been reported.

While the season is still backward, the outlook is far from being discouraging. A protracted period of warm weather, with occasional showers, would go far toward bringing the season to its normal stage.

Western Section.—The average amount of precipitation in this section was slightly less than that received in other portions of the State, though at Paducah, the largest weekly amount for any station, 1.82 inches, was reported. All correspondents agree that crops of all kinds have made great progress during the week. The rain put the soil in fine condition for plowing and planting of corn. Some of the earlier planted part of this crop is up in Bath, Knott and Perry counties, and looks very well. Wheat is reported to be in fine condition everywhere, but some fields are becoming weedy. Oats are coming up nicely, though the crop is generally very late. Tobacco plants reported to be in fair condition and reasonably plentiful. Clover and all kinds of grasses are exceptionally fine. Gardens are in general satisfactory. The outlook for fruits is very good in most localities.

GOOD AND STRONG

Is This Anti-Mob Bill Aimed at Turnpike Raiders.

Penitentiary Sentences and Big Fines Provided For the Guilty Ones.

FRANKFORT, KY., May 11.—The Senate was almost without a quorum to-day, but the twentieth man finally came in. The House bill known as the "mob law" bill was taken up and the substitute as offered by the Senate Committee was adopted and passed as thus amended, without a single vote against it. It is one of the most important bills of the session. It will probably be concurred in by the House.

The proposed law provides that two or more persons who band themselves together to intimidate, alarm or injure any person or to rescue any person from an officer of the law shall be declared guilty of a felony, and, upon conviction, be confined in the penitentiary from one to five years.

Section No. 2 stipulates that two or more persons who band themselves together to destroy property, upon conviction will be sent to the penitentiary for from one to five years, no matter whether any property is really damaged or not. If any injury results to person or property the men convicted shall be confined in the penitentiary for from one to fifteen years, unless death results, when the law regarding such will hold in force. The Judge shall charge the jury in writing that a plea of heat or passion will have no weight.

The persons composing a mob destroying any property will be held individually and collectively liable, and suit can be brought for damages in any court having jurisdiction.

Any officer believing that an attempt will be made to injure a person in his custody shall have the power to summon as many able-bodied men between the ages of twenty-one and fifty as necessary to protect the prisoner. He can notify them by written summons or by word of mouth, and if they fail to comply they will be liable to a fine of from \$100 to \$500.

Upon any person making oath that he has reason to believe that an attempt will be made to injure property, to any County Judge, the said Judge shall order the Sheriff or Constable of the county to summon not less than two nor more than ten able-bodied men, who shall watch the property for thirty days.

If, at the end of 30 days, the Judge has reason to believe that it is still necessary to guard the property, the guards shall be kept for another 30 days, and at the end of that time for another 30 days if necessary. Persons who refuse to answer a summons to act as guard will be liable to a fine of from \$5 to \$15. If the Judge or Sheriff, or other peace officer, fails to discharge his duty he shall, upon conviction, be fined from \$100 to \$500, and forfeit his office.

The officers shall be paid 50 cents for summoning guards and the guards paid \$2 for every 10 hours, the money to come out of the County Treasury.

The Governor is empowered to offer rewards not exceeding \$500 for the apprehension and conviction of persons, and the County Judge can offer rewards of not more than \$200.

In case of mobs trying to rescue prisoners, the prisoners may be armed.

A fine of from \$100 to \$500 is provided

upon the conviction of any person sending a threatening notice.

In any prosecution under this act it shall be no exemption for a witness that his testimony may incriminate himself; but no such testimony given by the witness shall be used against him in any prosecution except for perjury, and he shall be discharged from all liability for any violation of this act so necessarily disclosed in his testimony.

The law will go into effect immediately after being signed by the Governor.

MRS. C. A. LEHMANN will give an illustrated lecture at court house this afternoon, May 13th, at 3 p. m. Heart to heart. Woman's talk to woman. Come and learn of yourself. Subject: "Health and Hygiene." Admission free.

MR. CHARLES WHITE.

A Former Resident of Maysville Died Wednesday Morning in Bourbon County.

Mr. Charles White, for years a well-known and respected citizen of Maysville, died early Wednesday morning at the home of his daughter, Mrs. A. H. Willett, of Bourbon County. He had been suffering from paralysis for seven years.

Deceased was born in New York but came to Maysville when ten years old and spent the rest of his life here with the exception of a short time. He was eighty-four years old. His wife died in April, 1896. Four children survive him—Mrs. Graham Lee, of this county, Mrs. J. J. Willett, of Lexington, Mo., Mrs. A. H. Willett and Miss Bessie White, of Bourbon.

The remains will be brought here on the morning train Friday, and laid to rest in the Maysville Cemetery.

Items Picked Up by the Bulletin's Correspondents in Mason and Elsewhere.

MT. GILEAD.

Mrs. Paul Glascok and son, Pearce, visited the Misses Morehead Sunday.

Mr. J. W. Jordan, of Bridgeport, paid our village a short visit one day last week.

Mrs. Cooper, of Flemingsburg, visited her daughter, Mrs. Archie Gardner, last week.

Thomas Perry, of Forest Retreat, Nicholas County, visited the family of J. B. Bradley last week.

Miss Annie Geene is getting along nicely with her school and is giving entire satisfaction to her patrons.

Mr. Seaman and family have been visiting the family of Mr. Robert Becket. Mrs. Becket is quite sick.

John Speakman, living at Noisy Hill, is suffering from a cancer which has already totally destroyed one eye.

Mrs. E. M. Hoffman and son Stanley, of Crains, Fleming County, have been visiting friends here and at Tollesboro.

Our neighbor and friend, Mr. H. C. Stone, was left behind in the race for Magistrate at our primaries Saturday.

Grass is in fine condition, except probably it has not had sufficient amount of sunshine to give it full nutrition.

Harry Dobyns was visiting at Tollesboro last week. This was not his first visit by several. Why? Who? What for?

Mrs. James Fance and daughter Mary, of Flemingsburg, have been visiting the Misses Morehead the past week.

Sam Tully and family of Mt. Carmel, accompanied by Miss Jennie Power, passed through our village Sunday afternoon.

Miss Lida Morehead, who has been suffering from a slight attack of pneumonia, is much improved and able to go around.

Mary, the bright little daughter of Benjamin and Lilly Lampton, is seriously ill with a complication of lung and heart trouble.

Our blacksmith says he has already felt the influence of free pikes in an increased amount of horse shoeing and buggy repairing.

Ed. DeBell, while planting corn, was taken with a severe attack of cramp colic and came near dying before relief could be obtained.

Corn planting has not been so far behind at this date for many years. Many farmers have not yet planted grain, and none of them is done.

Tobacco plants are doing only tolerably well and could not be said to be promising. Raiders have destroyed quite a number of beds in the full crop.

Robert Marshall and Luther Markwell and wife passed through our village Saturday on their way to Orangeburg to attend quarterly meeting at the M. E. Church, South.

Travel on our free pikes has fully doubled since the removal of the toll gates. A young man can go to see his best girl now with "narry a cent" in his pocket, and he goes, too.

At Mt. Gilead more snow fell on the second day of May than fell on any day of the previous winter. We're confident that had it not melted as

it fell, fully five inches would have accumulated.

G. T. Beckett, a Democratic aspirant and Representative of Fleming County, was circulating among the people of this part of the county last week. George is a hustler at home and abroad and is a No. 1 piece of Legislative timber.

Dr. Will Rowland, of Lewis County, is rustling in our vicinity while regaining his health, lost by over-work at his profession. The doctor seems to think that plowing and planting corn for a short season will be better for him than attending to the needs of his patients, which require his attention both day and night.

The citizens of Mt. Gilead are peculiarly situated in regard to voting. Its inhabitants number twenty-four, and yet they vote at four different places, viz.: Mt. Carmel, Orneburg, Helens and Lewisburg. Three different Magistrates have jurisdiction over its twenty-four persons. Can any place in the State get ahead of this?

Well, the Mason primaries are over, and we have a good ticket for November. While, of course, we did not all get our choice, yet we are Democrats from away back and propose to abide by the will of the majority. So let every Democrat roll up his sleeves and go in to knock out the Republican nominees at the poll's in November.

Although a very busy man, Dr. R. V. Pierce, of Buffalo, N. Y., has found time in which to write a great book of over a thousand pages entitled, *The People's Common Sense Medical Adviser*, in Plain English, or Medicine Simplified. Few books printed in the English language have reached so great a sale as has this popular work, over 600,000 copies having sold, at \$1.50 each. The profits on this enormous sale having repaid its author for the great amount of labor and money expended on its production he has now decided to give away, absolutely free, 500,000 copies of this valuable book, the recipient only being required to mail to the World's Dispensary Medical Association, of Buffalo, N. Y., of which company he is President, twenty-one (21) one-cent stamps, to cover cost of mailing only, and the book will be sent post-paid. It is a veritable medical library, complete in one volume. It contains 1008 large pages and over 300 illustrations, some of them in colors. The Free Edition is precisely the same as that sold at \$1.50 except only that the books are bound in strong manilla paper covers, instead of cloth. It is not often that our readers have an opportunity to obtain a valuable book on such generous terms, and we predict that few will miss availing themselves of the unusual and liberal offer to which we have called their attention.

Eas Resigned.

WASHINGTON, May 18.—Solicitor of Internal Revenue Hough of Ohio has resigned, the resignation being tendered to the president yesterday. It was supposed that National Committeeman J. E. Boyd of North Carolina would get this place, but by a recent change it has been decided that he should be appointed an assistant attorney general.

The End Approaching.

TALLAHASSEE, Fla., May 18.—Colonel Chipley gained four votes in the ballot for United States senator yesterday, the result being: Chipley, 40; Stockton, 26; Raney, 10; Hooker, 5; scattering, 3; total, 94. Including pairs Chipley has 42. The indications are that Raney will soon retire. In such event Chipley will secure the election.

One Strike Settled.

CHATTANOOGA, May 18.—The miners' strike at Robbins, Tenn., has been settled and the 100 men went to work this morning. They struck two weeks ago on account of an insurance feature introduced by the Tennessee Paving Brick company. Their plant, employing 500 men, has been closed down, but will now resume operations at once. The settlement is satisfactory to all concerned.

Bad Weather in England.

LONDON, May 18.—Heavy snowstorms have prevailed over the counties of Berkshire, Lincolnshire and Herefordshire. In Scotland there have been heavy snow and hail storms and the weather has been as cold as during the month of November. There was a sharp frost in this city and in the inland countries during the night.

A HOME REMEDY

For the Cure of Colds and La Grippe.

La grippe and influenza, cold in the head or on the lungs, are not only distressing maladies, but are very dangerous as well. Cold on the chest is an inflammation affecting the air-passages and vessels leading into and through every portion of the lungs. The inflammation may be so violent as to cause death in a short time if not quickly reduced, or it may linger and drag as a bad cold of more or less severity. What is true of a cold is equally true of la grippe. Even a mild condition is liable to turn quickly into acute pneumonia, or what is worse, galloping consumption. The breathing tubes become so sensitive that the least exposure, the slightest draught, change of clothing, or of the weather, is sufficient to cause fresh cold, terrible cough, pain and fever. Cough is the foremost symptom, and it may be harsh and dry, or loose and broken with much expectoration. It is always annoying, keeping up a constant irritation and excitement in the sore and inflamed tubes. There is pain and tenderness under the breastbone, sometimes of a raw and tearing nature. Hoarseness, huskiness, whispering, or loss of voice, chilly sensations, sore throat, aching joints and catarrh of the head. As the disease advances there are night sweats, hectic fever, loss of flesh, spitting of blood or hemorrhage, and the patient has the appearance and symptoms of consumption. The old way of treating a cold is too well known to need any explanation here; the new way—the better way—is with Lightning Hot Drops. This remedy is especially valuable in colds, la grippe, influenza, coughs, hoarseness, etc. Indeed, for la grippe and influenza it may truly be said to be a specific, while for breaking a cold or relieving hoarseness it is without an equal.

SENATE PROCEEDINGS.

A Number of Measures Passed and Work Laid Out for the Future.

WASHINGTON, May 18.—In the senate yesterday the sugar investigation of 1893 was recalled by the introduction of a resolution by Mr. Allen of Nebraska, reciting the circumstances of the investigation, the refusal of Elverton R. Chapman to testify, his conviction in the courts as a contumacious witness, and the present efforts toward his pardon. The resolution proposes that Chapman be brought to the bar of the senate to purge himself of contumacy as a prerequisite to pardon. Mr. Allen sought to secure immediate action on the resolution, but it went over on objections from Mr. Gallinger of New Hampshire and Mr. Hoar of Massachusetts.

Mr. Morgan of Alabama made a statement relative to his resolution on Cuba. He said the committee on foreign relations at a meeting yesterday had considered the question of referring the resolution to the committee and had not reached an agreement. The committee desired, however, that the resolution go over for another day with a view to having a statement of facts laid before the senate. On Mr. Morgan's request the resolution went over.

A resolution by Mr. Butler (Pop., N. C.) requesting the president for information relative to the sale of the Union Pacific railroad was presented and went over.

The senate then took up the calendar and passed bills as follows: For the relief of certain citizens of Montana claiming the benefit of the homestead laws; granting to Montana 50,000 acres of land in aid of an asylum for the blind; appropriating \$174,000 to Charles P. Chouteau for extra work on the iron-clad Etah.

The immigration and kinetoscope bills were reached but went over on objection.

At 2 o'clock the senate held an executive session, and at 2:45 adjourned.

PATROLMAN SHOT.

A Railroad Detective Locked Up, Charged With the Crime.

SOUTH BEND, Ind., May 18.—Patrolman Oscar W. Christiansen of the South Bend police department was shot and instantly killed shortly after 10 o'clock Tuesday night. Detective James Millea of Chicago, for many years an employee of the Lake Shore and Michigan Southern railroad as a detective, is locked up here on the strength of a statement of another detective, Jack Carney of Elkhart, Ind., who says Millea did the shooting.

It was at first generally supposed that tramps killed the officer as the latter was on watch for hoboes who had broken open Lake Shore and Michigan Southern freight cars at Elkhart. Two tramps left a train at the Michigan street crossing and one of them on seeing the officer began running across the common just north of the track. Christiansen started after him and a fusilade of shots soon began, one ball striking the patrolman in the face, killing him instantly.

The chief of police got information pointing to either Carney or Millea. Carney soon after fastened the crime on Millea. The latter took it coolly. He is said to have killed three men during the big railroad strike in Chicago.

One hundred tramps were arrested on suspicion and were driven out of the city.

More Pretty Irish Girls.

NEW YORK, May 18.—The White Star line steamship Teutonic arrived last night. Among the steerage passengers were 550 young women from Ireland. Their ages range from 18 to 25 years, and they are mostly good looking. They are going to various parts of the country.
